Dear members,

The Club organised the first Aussie Pairs Fun Day today and 10-members turned up to enjoy the day entering into the Aussie spirit by wearing fun hats, Aussie colours and we even had a guest kangaroo. Nelly has already posted pictures to the WhatsApp group page.

The rules were simple, each of the 5 teams played each other once, following the Aussie Pairs format, each game comprised of 5 ends, in the event of a tie, one more bowl would be delivered by each team and the nearest won. Also, as there were 5 teams, every team had a rest at some point to go to the bar etc.

Everybody seemed to enjoy the format, and after a few ends, everyone knew the system and settled into the game. The weather held up for us too, it was overcast and slightly windy, but it stayed warm so it was a great day for bowling.

The full and final results are attached; however, the prize winners were Simon and Nelly, and Gloria and Peter N, congratulations to you all, also well done and congratulations for all the other members who played today too.

As always there are a number of people to thank who contributed to ensure the day was a success. Peter Herman for opening the bar and making sure we were all hydrated! Simon for laying out the rink equipment. All the people who turned up and supplied food to share after the matches and to Jacqui and Peter who laid out the food for members to enjoy after prize giving.

As this was our first Aussie Pairs Day, it would be good to hear what went well and also what we could change to make it better if we do it again next year, hence if any members would like to provide feedback it would be appreciated, you all have my email.

Once again, thank you everyone.

Yours aye

Clive
