How nice it is to be back outside playing in some sunny, albeit windy, weather.

I am sure those who attended the Opening Drive will have had an enjoyable afternoon and also thanks to those members who helped out at the Open Day. The Opening Drive was well supported and enjoyable and thanks must go to the Mayor of Peacehaven and her Consort together with the Mayor and Deputy Mayor of Telscombe who opened the event.

The Open Day was considered to be very successful with over twenty members of the public popping in to try bowls, some for the first time and also some who have played bowls for several years and have recently moved to the local area. I am sure that some will become members fairly shortly.

Aussie Rules - starts again on Wednesday evenings. For those who have not yet played this variation of the normal game I encourage you to come along and give it a try. The game comprises two teams of two players and each player has four woods. From there on the game can get a little confused but after a few ends all becomes clear. I don't know why it is called Aussie Rules because I don't think they play it down under. Has anyone any idea?

The first session is on WEDNESDAY EVENING 29th APRIL starting at 6.00pm. Dress code is casual and the usual fee is £2 is payable on the evening. The first two games of the season have been played with Peacehaven beating Gildredge Park by one point but unfortunately, today, we lost to Buxted Park by twenty points. It's not winning that matters but taking part that counts - I can't believe I've just said that!

For those attending the St George's Day event on Saturday I hope you all have an enjoyable evening.
