End of 2026 Season matches

The last match of the season against Hangleton Bowls Club resulted in a win for Peacehaven and Telscombe by 78 - 32. The green was, as usual, in good condition and the weather was kind.

The penultimate match against St. John's Mead match was played in windy conditions on the cliff top at Eastbourne. The green was not in great condition - due to inadequate maintenance by the Council contractors.

However, our opponents were very friendly, very hospitable, and an enjoyable match was enjoyed by all those who took part.

Peacehaven and Telscombe lost this match but Marsden claimed a record by scoring more points for the home side than for Peacehaven and Telscombe. Well done!
